Prompt Engineering, RESTful APIs  
Artificial Intelligence, DSA

## Certifications

Udemy Link :  
The Complete Full-Stack  
Web Development Bootcamp.

## Coursework

Computer Networks  
Data Structures  
Operating Systems  
DBMS

## Education

2016-2020  
GURU GOBIND SINGH  
INDRAPRASTHA UNIVERSITY  
Bachelor of Technology in  
Computer Science & Engineering  
CGPA : 6.74/10

2014-2016  
Smt. Misri Devi Gyan Niketan  
83.33%

## Summary

Detail-oriented and innovative Web Developer with over 2 years of experience in building and maintaining responsive websites using HTML, CSS, JavaScript, and modern web frameworks. Proficient in front-end and back-end development with hands-on expertise in tools React.js, Node.js, Express, MongoDB and PostgreSQL. Strong foundation in full-stack development, database design, and UI/UX enhancements.

## Work Experience

### Web Developer

Lotus Social World : (Nov 2022 - Present)

- Developed, designed & maintained responsive websites using tools like HTML, CSS, and Javascript.
- Customized themes and built reusable components, improving site consistency and reducing development time by 25%
- Collaborated cross-functionally with designers, marketers, and content teams to launch high-converting landing pages.
- Contributed to enhancing the company's online presence through innovative web solutions and UI/UX improvements.

## Project

### E-commerce Website (Voice Navigation)

[Live Link](#)

Unlike typical clothing e-commerce platforms, this project integrates voice navigation to enhance accessibility, improve user convenience, and provide a futuristic shopping experience.

- Authentication Authorization
- Admin Panel
- Payments
- Voice Navigation
- Feedback System

*MongoDB, Express, React, Node, JWT, Firebase, Cloudinary*

## Other Projects

Quiz Game, Simon Game, WeatherApp, Calculator, Whisper App, Mondrian Painting, TO-Do List, Labware Management, Random Password Generator, Blog Website.
